

# Dr. Sylvester James Gates

Distinguished Professor of Physics

University of Maryland

---

## **Equity vs. Excellence: A False Dichotomy in Science and Society**

---

March 29, 2017

Campus Center Atrium

2:30 - 4:00 P.M.

---

Physicist Sylvester James Gates Jr. will deliver the spring 2017 College of Science and Liberal Arts Distinguished Speaker lecture: “Equity vs. Excellence: A False Dichotomy in Science and Society.” The issue of diversity and its impact can be studied from an evidence-based, scientifically-enabled viewpoint. This discussion highlights one scientist’s thinking about diversity and an opportunity in education within the confines of our nation’s historical and traditional trajectory.
