

Inspiring young minds for college access and success in Science, Technology, Engineering, and Mathematics (STEM)

**The NJIT Center for Pre-College Programs, Physics
Department and College of Science and Liberal Arts
present:**

Launching Students into Physics

***A Hands-On Workshop for Physics Teachers,
Middle School and High School Science & Math Teachers,
Curriculum and STEM Specialists and Principals***

Led by:

Professor Gordon Thomas, NJIT Physics Department
NJIT Excellence in Teaching Awardee

Active Learning

Do hands-on, interactive labs that will guide your students toward success in college physics • Easy-to-differentiate
• Aligned to NJ Student Learning Standards in Science and Mathematics

Great Ideas

Simple, inexpensive techniques • Deepen knowledge
• Address common student misunderstandings

Tuesday, January 23, 2018, 9 am–2:30 pm

NJIT Campus, University Heights, Newark, NJ

Registration limited. Closes 1/12/18 - Register Early!
