R, 2:30 - 4:00pm

General Information

Description

Prerequisite: MATH 131; Co-requisite: MATH 111 or MATH 132 and PHYS 111A.

Our class is a section of multi-section PHYS 111, with common material and exams. The course covers an introduction to motion with an emphasis on its fundamental concepts, laws and applications. The Course Schedule below lists topics covered. Professors will make an effort to help the students succeed by using active learning.

Learning Expectations, Goals and Outcomes

The student will be able to understand and calculate the following:

1. Units, estimates and significant figures in the evaluations of events and objects of realistic significance.
2. Magnitude and direction of vector combinations using addition, subtraction, scalar, and cross product.
3. Position, velocity and acceleration of an object moving in a straight line under constant acceleration and motion in a plane using orthogonality.
4. Net force, mass and acceleration (Newton's Laws) as the basis of motion.
5. The same quantities using geometry, free body diagrams and frictional forces.
6. Acceleration and force of circular motion at constant speed.
7. The same quantities taking into account conservation and non-conservation of energy for linear and rotational motion.
8. The momentum and impulse under realistic circumstances and events.
9. Work, energy, and conservation of energy of mechanical and non-conservative systems for linear and rotational motion.
10. Center of mass of a system as well as its moment of inertia in the context of static and dynamic conditions.
11. Parameters of static and linear motion of fluids using pressure, conservation of energy and mass.
12. Mass and distance in the force and potential energy involved in the gravitational field.

Professors and students will measure Outcomes by the performance on assessments as listed below under final grade calculations.

Course Materials

Required Materials

University Physics by Young and Freedman (Pearson 2012). 13th edition is preferred, but 14th is satisfactory.

*Be sure that your text includes a Mastering Physics "student access code card" for the homework at www.masteringphysics.com

***Moodle is required for this course. Some quizzes may be online via Moodle> Assignments, information and grades will be on Moodle.

Final Grade Calculation:

The Weights for parts of the course are as follows:	
Quizzes and Class Participation	10%
Homework	10%
Exams (Exam 1= 16%, Exam 2= 16%, Exam 3= 16%, Final= 32%)	80%

Class participation and Quizzes: (10 % of grade with details at Instructors discretion) Students are expected to participate regularly in class discussions by asking and answering questions, volunteering to solve problems, and working actively with others during in-class group assignments. When all students participate in each class, it creates an active learning environment that will help you understand the materials and be more successful in the class. There will be frequent quizzes in class. They are very valuable because they are similar in content and format to exam questions.

Homework: (10% of grade) Half of the Homework questions are closely related to previous exams, so the understanding you gain from doing them is an added benefit. Be sure that your text includes a Mastering Physics “student access code card” for the homework at www.masteringphysics.com. The homework is the greatest help for yourself if you figure it out by yourself. Then, if you need help, feel free to talk with the Physics Tutors in the Basement of the King Building.

Exams: (80% of grade) The exams are scheduled from 4:15-5:45pm on 2/12; 3/19 and 4/9. The amount of new material covered determines the exam weight, unless otherwise specified. The exam questions are multiple-choice with content common to all students. The professors will help you as much as possible by covering all concepts and all settings of exam questions in class. See the schedule below for details. Make-ups for missed exams 1, 2 and 3 are only at 6-7:30PM on the exam day and only with advance permission from both your instructor and the Dean of Students. The Final will emphasize the weeks of work after Exam 3, plus an overview of the whole course. The Final exam is not scheduled yet.

The conversion of numerical to letter grades is as follows:
> 85% A; >80 to 85 B+; >70 to 80 B; >65 to 70 C+; >55 to 65 C; >50 to 55 D and <50 F.

If you have a question about any grade, you must ask a tutor or your instructor before the final exam. After the Final exam, grades are not open to discussion

Course Policies

Honor Code: The NJIT Student Council dictates: "NJIT has a zero-tolerance policy for cheating of any kind and for student behavior that disrupts learning by others." The NJIT Student Senate has requested a zero-tolerance policy for cheating of any kind and for behavior that disrupts learning. The Senate wants fairness for all students. The Dean of Students determines punishments and requires professors to report any incidents. The penalties include failure in the course plus disciplinary probation up to expulsion from NJIT. Avoid situations where anyone could misinterpret your behavior as dishonorable. Students are required to agree to the NJIT Honor Code on each exam, assignment, quiz, etc. for the course. Turn off all cellular phones, wireless devices, computers, and messaging devices of all kinds during classes and exams. Please do not eat, drink, or create noise in class that interferes with the work of other students or instructors.

Missed quizzes and exams: There are no make-ups for in-class activities. If you miss a quiz, you will receive a grade of zero. If you miss an exam and the evening make-up time (see below), you will receive a score of zero for that Exam. That score will be included in the calculation of your final grade. If you miss two exams, you will automatically fail the course. To get credit for an exam, *you must notify your instructor PRIOR TO the exam you will miss, as above.*

Late work: Homework is due by class time. You cannot make up a Quiz that you miss.

Class attendance: The NJIT attendance policy is the following: "It is expected that students will attend all classes. Your teacher will take attendance at all classes and exams. More than 3 unexcused absences (in total) are excessive." If you have excusable absences, contact your instructor or the **Dean of Students - (973) 596-3466, Room 255 Campus Center**. If you have to miss class, attend the next physics tutoring session and let your professor know. Some professors use i-clickers.

Withdrawal: If you must withdraw from the course, do it officially through the Registrar, otherwise your course grade will be F.

Electronics: Cell phones and laptops must be off during classes and exams, except as indicated by the instructor.

Course Schedule

Mastering Physics software cuts off submission of homework at midnight before the first day of the week, as indicated in masteringphysics.com

We recommend that you read all chapters in our textbook as indicated below before class. Professors may give quizzes both before and after they cover material in class. The combination of reading and discussion helps learning.

Note as below that professors will help you by making an effort to teach all topics in class the week before the Lab on that topic.

Note also that we include topics in **exams** only after students have completed Lab work on that topic (in the next block of material) to help with learning based on both the class and lab experiences.

Week	Topic	Reading in text	Labs and Topics in Phys111A
1 (1/16/18)	1D Motion and Units	Ch. 1.1-1.6, Ch. 2	Introduction
2 (1/22/18)	2D Motion and Vectors	Ch. 1.7-1.9, Ch. 3.1,3.3, 3.5	109. 1D Motion
3 (1/29/18)	Forces	Ch. 4	111. Projectile Motion
4 (2/5/18)	Linear Static Forces (not on exam 1) Exam 1 Review	Ch. 5.1, 11.1-11.3 Review weeks 1-3	112 Newton's 2 nd Law
5 (2/12/18)	EXAM 1; 1D, 2D motion and forces		
5 (2/12/18)	New: Friction	Ch. 5.2-3	103 Linear Statics
6 (2/19/18)	Work and Kinetic Energy and 3D vector dot products	Ch. 1.10, Ch. 6	106 Friction
7 (2/26/18)	Potential and Conservation of Energy,	Ch. 7	6 Work and Kinetic Energy
8 (3/5/18)	Momentum and Collisions (not on exam 2) Exam 2 review	Ch. 8 Review weeks 4-7	125 Conservation of Energy
8 (3/12/18)	Start of Spring Break week		
9 (3/19/18)	EXAM 2; Friction, Statics, work, energy New: Circular motion	Ch 3.4 and 5.4	126 Conservation of momentum
10(3/26/18)	Torque and rotational motion** and 3D vector x products	Ch.1.10 and Ch. 10.1-6	114 Circular motion
11 (4/2/18)	Angular energy (not on exam 3) Exam 3 Review	Ch. 9 Review weeks 9-11	127 Torque and Rotation
12 (4/9/18)	EXAM 3; Momentum, collisions, Circular motion, torque, rotational motion		
12 (4/9/18)	New: Static torques	Ch. 11.1-11.3	120 Conservation Angular Energy
13 (4/16/18)	Fluids	Ch. 12.1-5	121 Static torques
14 (4/23/18)	Universal Gravitation	Ch. 13	7 Archimedes' Principle
15 (5/1/18)	Friday classes meet. Final Exam Review	Review weeks 1-14	
16 (5/4/18)	FINAL EXAM; Angular energy, fluids, gravity, + all previous topics	Review weeks 1-14	
18 (5/10/18)	Final grades due		

Dh

Additional Information and Resources

Resources for NJIT Students

[Academic Advising Success Center](#)

"...assist in the advisement of students who are undecided in their major, transitioning into another major at NJIT, and those students who need additional support to graduate successfully and in a timely manner."

[Academic Support and Student Affairs](#)

"From questions about becoming a student at NJIT - to student engagement - to searching for information on career development, the Division of Academic Support and Student Affairs Staff is here to help."

[Additional Tutoring Centers](#)

[Physics Learning Center](#); [Math Learning Center](#); [Chemistry Learning Center](#); [The Writing Center](#); [ECE Study Groups](#)
[Center for Counseling and Psychological Services](#)

"The NJIT Center for Counseling and Psychological Services (C-CAPS) is committed to assisting students in the achievement of their academic goals as well as benefiting from their personal experience on campus. College life can be personally challenging and stressful at times. We believe that the educational process is an important component of the development of the individual as a whole person. Our goal is to optimize the college experience and improve the quality of the lives of our students by promoting their mental health and facilitating students' personal, academic and professional growth."

[Department of Public Safety](#)

"The Department of Public Safety, conveniently located at 154 Summit St. on the first level of the Parking Deck, provides police protection 24 hours a day, seven days a week."

[Disability Support Services](#)

"If you need accommodations due to a disability please contact Chantonette Lyles, Associate Director of Disability Support Services, Fenster Hall Room 260 to discuss your specific needs. A Letter of Accommodation Eligibility from the Disability Support Services office authorizing your accommodations will be required."

[Health Services](#)

"To ensure the good health of our students, the NJIT Student Health Service provides quality healthcare to all eligible NJIT registered students."

[IST Service Desk](#)

"The IST Service Desk is the central hub for computing information and first point of contact for getting help and reporting issues related to computing technology at NJIT. There is much technology here at NJIT, and many ways to find information or get help with it."

[The Learning Center](#)

"Our mission is to assist students both in the classroom and beyond by providing tutorial services, academic coaching, academic and personal enrichment workshops and staff and peer support so students can meet the demands of their coursework and are prepared for life after graduation."

[Moodle Help Page](#)

Tutorials for students.

[NJIT/Rutgers Shuttle Service](#)

"The shuttle bus is operated jointly with Rutgers-Newark and provides transportation for the University community between the two campuses, major mass transit systems, and Harrison and Kearny. As a courtesy, shuttle service is free to the Rutgers/NJIT community who present identification."

[Office of Global Initiatives](#)

Resources for international students and study abroad programs.

[Robert W. Van Houten Library](#)

"The Van Houten Library offers electronic and print resources essential to the mission of New Jersey's science and technology university, including a core collection of academic books, databases, and journals, as well as research and consultation services."

[Student Financial Aid Services](#)

"Student Financial Aid Services (SFAS) at NJIT is committed to providing you with every opportunity to obtain funding to support your educational costs at NJIT."
